Dear Valued Customer,

This price list will assist you in placing your order. To help us complete your order in the most efficient manner, please look over the entire price list. Please read over carefully the information on the back page, as it explains the proper method of ordering different portrait sizes.

Your proofs are unretouched and are not color corrected. Please keep in mind that they are intended to allow you to select your order from the best pose(s) and facial expression. The finished portraits will be color corrected and retouched.

When placing your order, mark the back of the proof or proofs with the size and quantity you want to order. Please read the back of the price list to see how the different sizes may be divided into different poses. This should be done with a ball point pen only. Do not use a pen or marker that would smear.

If you have any questions, please call us. We will be more than happy to help you in placing your order. We want to make sure that these photographs will be your best memories.

Thank You,

Marshall Photographer, Inc.
